

PORCELAIN POST

Winter Edition 2025/2026

Fun Facts

- The North Pole is warmer than the South Pole
- Almost 90% of snow is air 
- The arctic fox, arctic hare, ptarmigan, barren-ground caribou, and ermine all possess the ability to turn white during the winter 
- Sunsets are typically prettier in the winter. Cold, non-humid air is clearer than warm summer air, which allows the colors of the sun to shine through more clearly 

The Spring '26 NHTI housing application is now available. Scan the QR code for more information!
